While loop

- Read Command Output/file content line by line
- Syntax3:

        while read [-r] line :
        do
             echo "${line}"
        done < <(command)

- Or

         command | while read [-r] line
        do
             echo "${line}"
        done
